

Figure 4. Primary Field of Interest DIALOG is open to graduates interested in any field of aquatic science relevant to biology/ecology. The majority (60 %) of the 334 DIALOG VI - VII registrants indicated their primary area of interest as oceanography. American registrants included 87 (62%) oceanographers, 36 (26%) limnologists, 11 (8%) hydrologists and 7 (5%) 'other'.
